Apparel Service Programs Built for Your Business

Tier 1 Service

This program allows you to rent our garments at a set weekly rate. These items are from the approved list of SKU's. We do not allow any hemming or altering to these items and our limited to the suppliers sizing and color options. You will have a Textile Maintenance Program that is added to the weekly rate to cover the cost for us to repair and upgrade garments to our required level of quality. We use the specified rate of replacement for any items that are pulled from circulation due to damage or if the items are lost/unreturned. There are no early exit charges for individual stop wearers but the account minimum delivery does stay in effect.

Tier 2 Service

This program allows you to rent a broader offering of our garments at a set weekly rate. These garments allow you to have a more custom look without buying the coats upfront. In this offering, you are allowed the following SKU options. Additionally, we can make alterations to help tailor a better fit for your team. We will make minor repairs and periodic upgrades based on our quality guidelines to ensure our customers garments are at their best. There is a schedule of charges for any wearers that stop during the course of the agreement period.

Tier 3 Service

This program allows us to help you source garments from quality suppliers that will make an impression for your business. In addition, we can add custom embroidery and hemming to create a distinguished look. We can handle the ordering for each individual on your team or we can make batch orders of certain styles and sizes to cover your growing and evolving staff's needs. For these items, we use our expertise to determine the best method of care as some items are better suited for personal upkeep rather than commercial care. We continue to help coordinate orders as your needs arise in the future.

Embellishments and Custom Work Options

Custom Emblems

Allow us to digitize your business or department's logo onto an emblem for a distinctive way to show your brand. Simply send us a JPEG file of your logo and the rights to use it and we can add it onto any commercially washed item. Note: minimum order of 60 emblems and a lead time of 12 business days. \$4.00 per emblem.

Embroidery

Direct Embroidery allows you to put a personal touch on your garments when you don't need the detail or bulk of an emblem. All embroidered items are available by purchase and approved sales are final. Standard lead time is 21 business days.
